ABOUT ME

I am a Computer Engineering graduate with a specialization in IT Consulting, and experience in systems administration, networking, ERP systems, and JavaScript development. Passionate about learning and collaborating as part of a team, I am looking to grow professionally by contributing value to innovative projects.

EXPERIENCE

SOFTWARE INTEGRATOR – EDICOM GROUP

October 2025 – May 2026 | Valencia, Spain

- Integration of SaaS EDI and billing solutions.
- Automation of ERP format conversions to integrate them with EDI standards.
- JavaScript development and feature support to perform these conversions.
- Configuration of secure communications via API, AS2, Web Services, and other protocols.

IT CONSULTANT – SAYMAR S.L.

April 2023 – March 2025 | Valencia, Spain

- Management of MDM tools and administration of systems, servers, and networks.
- Coordination of technology projects, leading their implementation alongside the team.
- Analysis of new tools to optimize services.
- Technical support for customers.

SAP BASIS CONSULTANT (INTERNSHIP) – CAPGEMINI

March 2019 – June 2019 | Valencia, Spain

- Basic administration of SAP servers and systems, ensuring their availability and proper operation.
- Management and maintenance of SAP HANA databases.
- Implementation of basic security measures in SAP environments.
- Collaboration with technical teams to ensure system stability and availability.

CERTIFICATIONS
